Build modern websites, web apps and digital products that solve real business problems using AI.

Modern Websites
Business, Portfolio, E-commerce.

Web & Mobile Apps
Fast, Scalable, User-Friendly.

Custom Solutions
Dashboards, Tools, Portals.

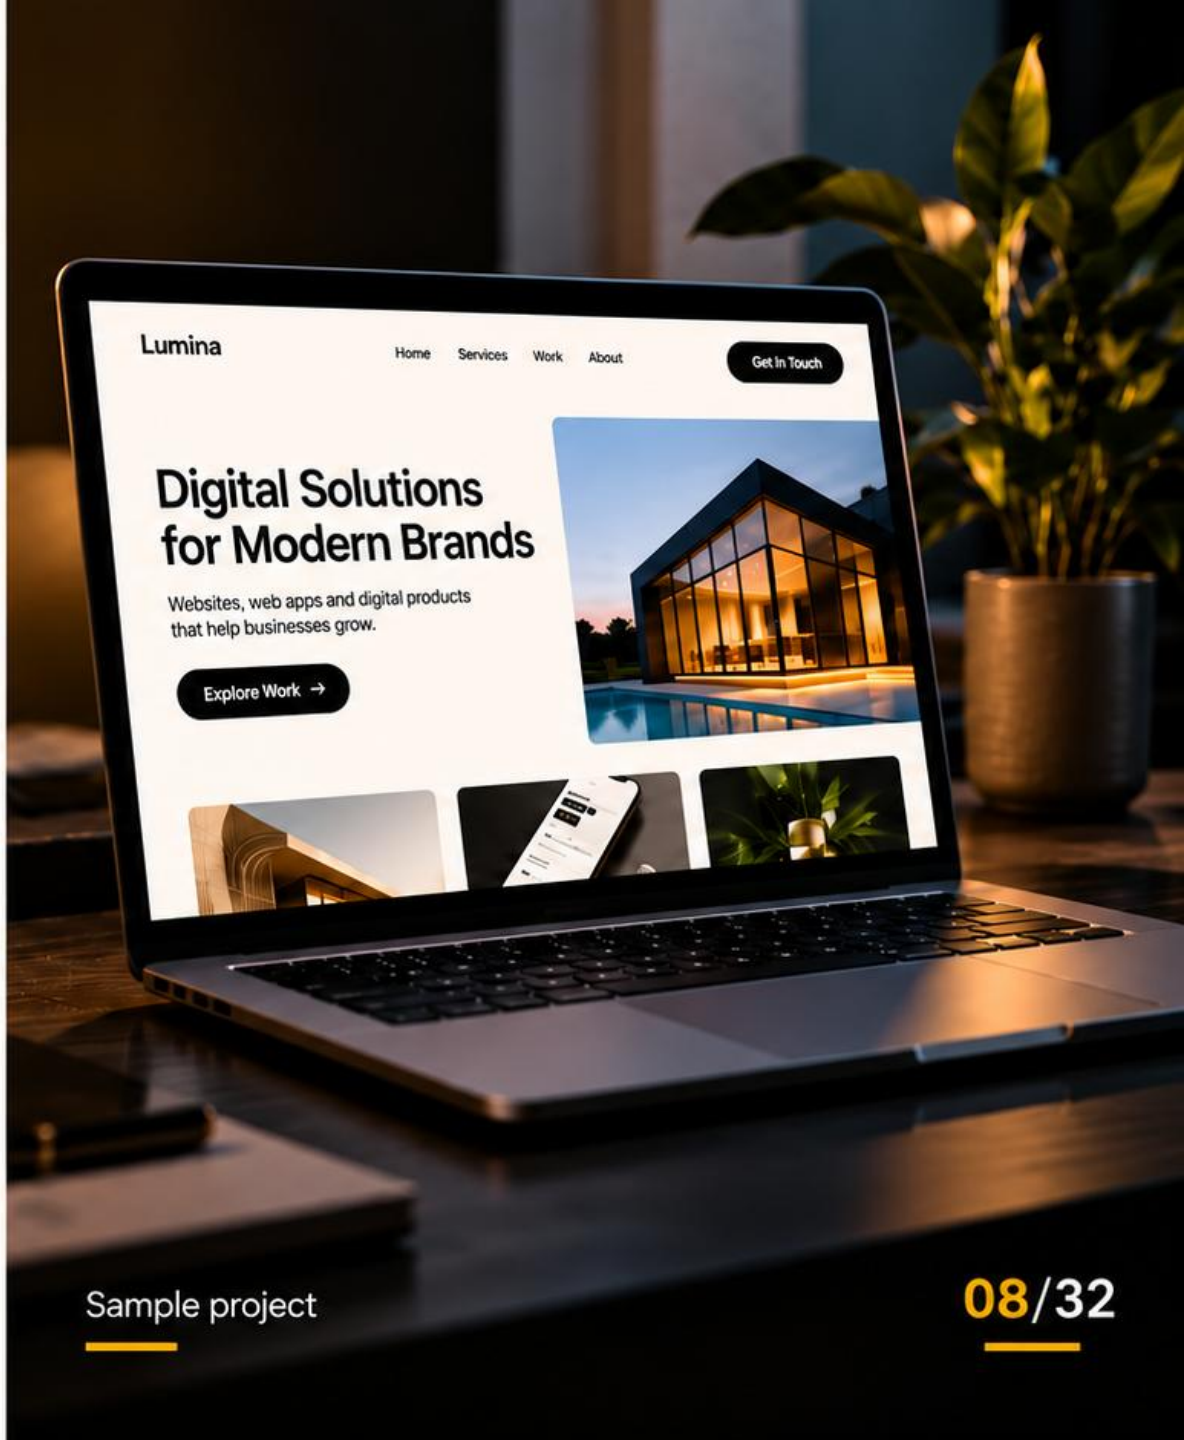
E-commerce Stores
Sell, Automate, Grow.

SaaS Platforms
Ideas to Real Products.

UI/UX Design
Beautiful & Functional.

PROJECT EARNING FEES:
₹15,000 – ₹60,000

Illustrative example only, fees may vary by scope or client.



Sample project

MODULE 02

AI Content Creation & Content Writing

Create high-quality, viral content and build automated faceless channels that grow and generate income using AI.

AI Content Creation
Scripts, Videos, Images & Reels.

Faceless Channels
YouTube, Instagram, Shorts & More.

Viral Content System
Ideation, Hooks, Editing & Publishing.

AI Video Production
Text to Video, Avatar & Voiceover.

Channel Automation
Scheduling, Workflow & Growth.

Monetization Setup
Ads, Affiliates, Brands & Digital Products.

PROJECT EARNING FEES:
₹2,00,000 – ₹3,00,000

Illustrative example only, fees may vary by scope or client.

MODULE 03

HOT TOPIC

Claude Mastery: 5 Stages of Cloud

A structured, hands-on journey to master Claude & cloud-powered AI — from basics to super-advanced, real-world implementation.

Stage 1

Cloud Foundation

Cloud basics, architecture, setup and core concepts.

Stage 2

Cloud Integration

Connect Claude with cloud tools, data & workflows.

Stage 3

Cloud Automation

Build AI automations and intelligent cloud workflows.

Stage 4

Cloud Solution Building

Design and deploy scalable AI-powered cloud applications.

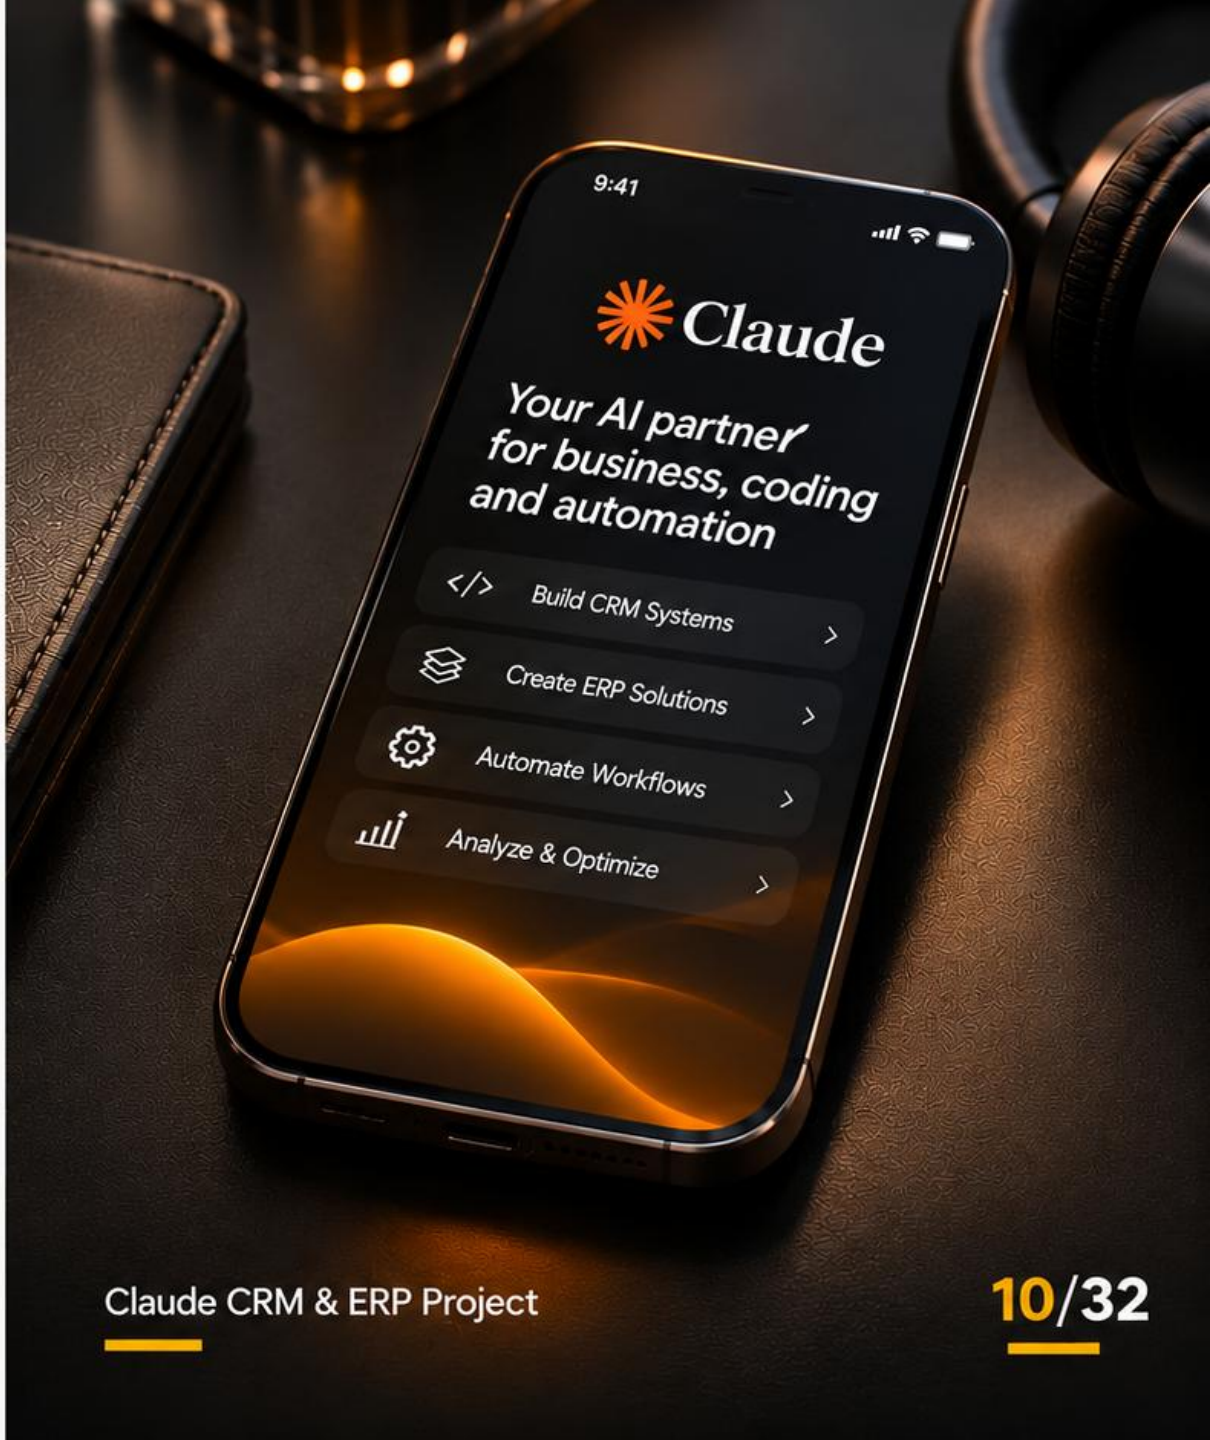
Stage 5

Advanced & Enterprise Cloud

Multi-agent systems, optimisation, security and real-world deployment.

PROJECT EARNING FEES:
₹1,50,000 – ₹10,00,000

Illustrative example only, fees may vary by scope or client.



Claude CRM & ERP Project

MODULE 04

Build An Enterprise AI Brain

Design a custom, business-ready AI brain that understands your data, automates work and drives real business growth.

Enterprise AI Setup
Build a centralized AI brain for your business.

Knowledge Intelligence
Train AI on your data, docs and processes.

Workflow Automation
Automate operations across teams & tools.

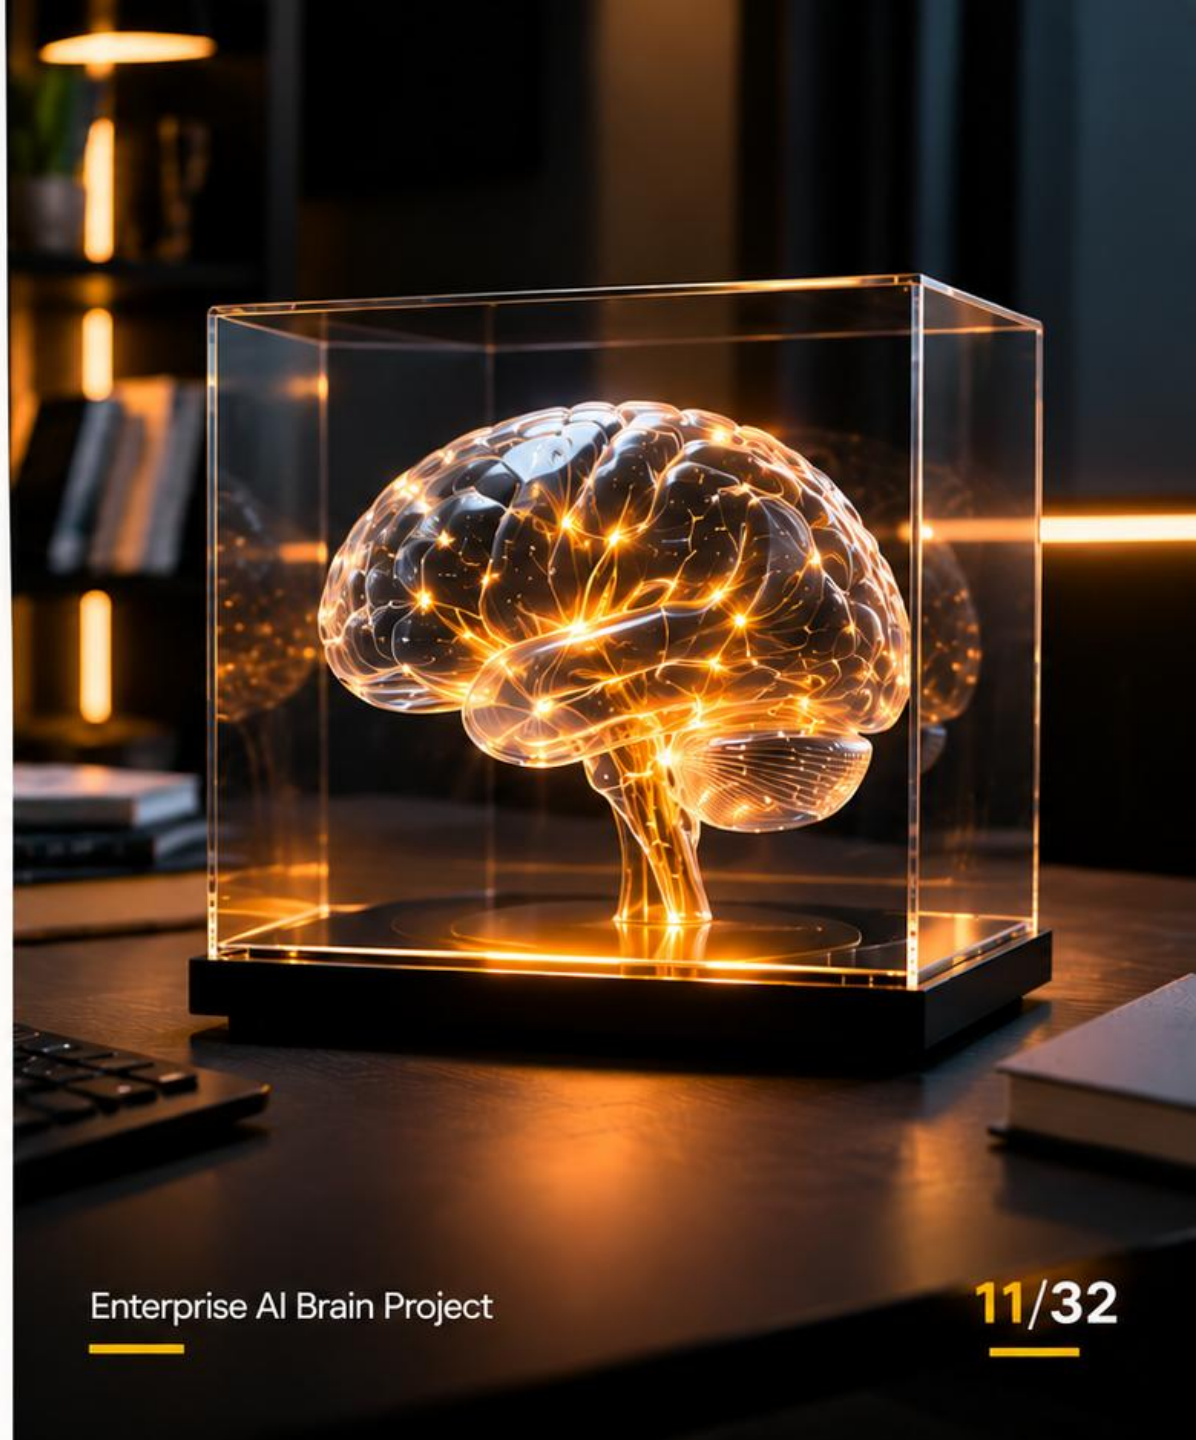
RAG & Vector Search
Enable accurate, context-aware answers.

Multi-Tool Integration
Connect with CRM, ERP, Drive, Notion & more.

Scalable & Secure
Build a reliable and enterprise-grade AI system.

PROJECT EARNING FEES:
₹2,00,000 – ₹5,00,000

Illustrative example only, fees may vary by scope or client.



Enterprise AI Brain Project

MODULE 05

Build Your Team of AI Agents

Create, deploy and manage a team of specialized AI agents that work together to automate, execute and scale your business.

Multi-Agent Setup
Build specialized AI agents for different business tasks.

Task Automation
Let AI agents handle research, content, sales & support.

Agent Workflows
Design and connect agents into a single system.

Business Execution
Run end-to-end operations with autonomous agents.

Productivity & Scale
Multiply output, reduce cost and save time.

Real Use Cases
Deploy client-ready AI agent solutions across industries.

PROJECT EARNING FEES:
₹6,00,000 – ₹10,00,000

Illustrative example only, fees may vary by scope or client.

MODULE 06

Smart Real-Time Voice Agents

Build AI voice agents that can talk, understand, and handle real business conversations in real time.

AI Voice Agent Setup
Create intelligent voice agents for business use.

Real-Time Conversations
Talk, respond and solve customer queries instantly.

Customer Support Automation
Handle inquiries, bookings and follow-ups 24/7.

Appointment & Lead Handling
Schedule meetings, qualify leads and capture details.

CRM & Business Integration
Connect with CRM, WhatsApp, calendar and other tools.

Scalable Business Use
Deploy for sales, support and operations across industries.

PROJECT EARNING FEES:
₹2,00,000 – ₹4,00,000

Illustrative example only, fees may vary by scope or client.

AI Voice Agent Project

MODULE 07

AI for Stock Market Research & Trading

Use AI to analyze market data, find trading opportunities, and make smarter, faster, more informed investment decisions.

AI Market Research
Analyze stocks, sectors and market trends using AI.

Trading Strategy with AI
Build and test AI-backed trading strategies.

Real-Time Data Analysis
Get live market insights and actionable signals.

Stock Screening & Alerts
Use AI to find high-potential stocks and setup alerts.

Risk & Portfolio Management
Optimize your portfolio and manage risk smartly.

Trading Automation
Automate analysis and trade execution with AI tools.

PROJECT EARNING FEES:
₹8,00,000 – ₹15,00,000

Illustrative example only, fees may vary by scope or client.

MODULE 08

TRENDING

AI Game Development & Virtual Worlds

Create your own games, immersive 3D worlds and interactive experiences using AI from imagination to playable reality.

AI Game Creation
Build playable games using AI-powered tools.

3D World Building
Create cities, maps and immersive virtual environments.

AI Characters & NPCs
Develop intelligent characters, dialogues and real-time interactions.

Game Mechanics & Design
Build missions, quests, levels and gameplay systems.

Multiplayer Experiences
Create engaging multiplayer and online game worlds.

Game Deployment & Monetization
Publish, launch and earn from your games (PC, Mobile, Console & Web).

PROJECT EARNING FEES:
₹6,00,000 – ₹40,00,000

Illustrative example only, fees may vary by scope or client.

MODULE 09

Business Automation, Invoicing & Billing

Automate your business operations, streamline invoicing, billing and payments with AI.

Business Process Automation
Automate repetitive tasks and daily operations.

Invoicing & Billing System
Create, send and track professional invoices automatically.

Payment Integration
Connect with UPI, Razorpay, Stripe and other gateways.

Client & Order Management
Manage customers, orders and billing in one place.

Business Analytics
Track revenue, expenses and profits with real-time reports.

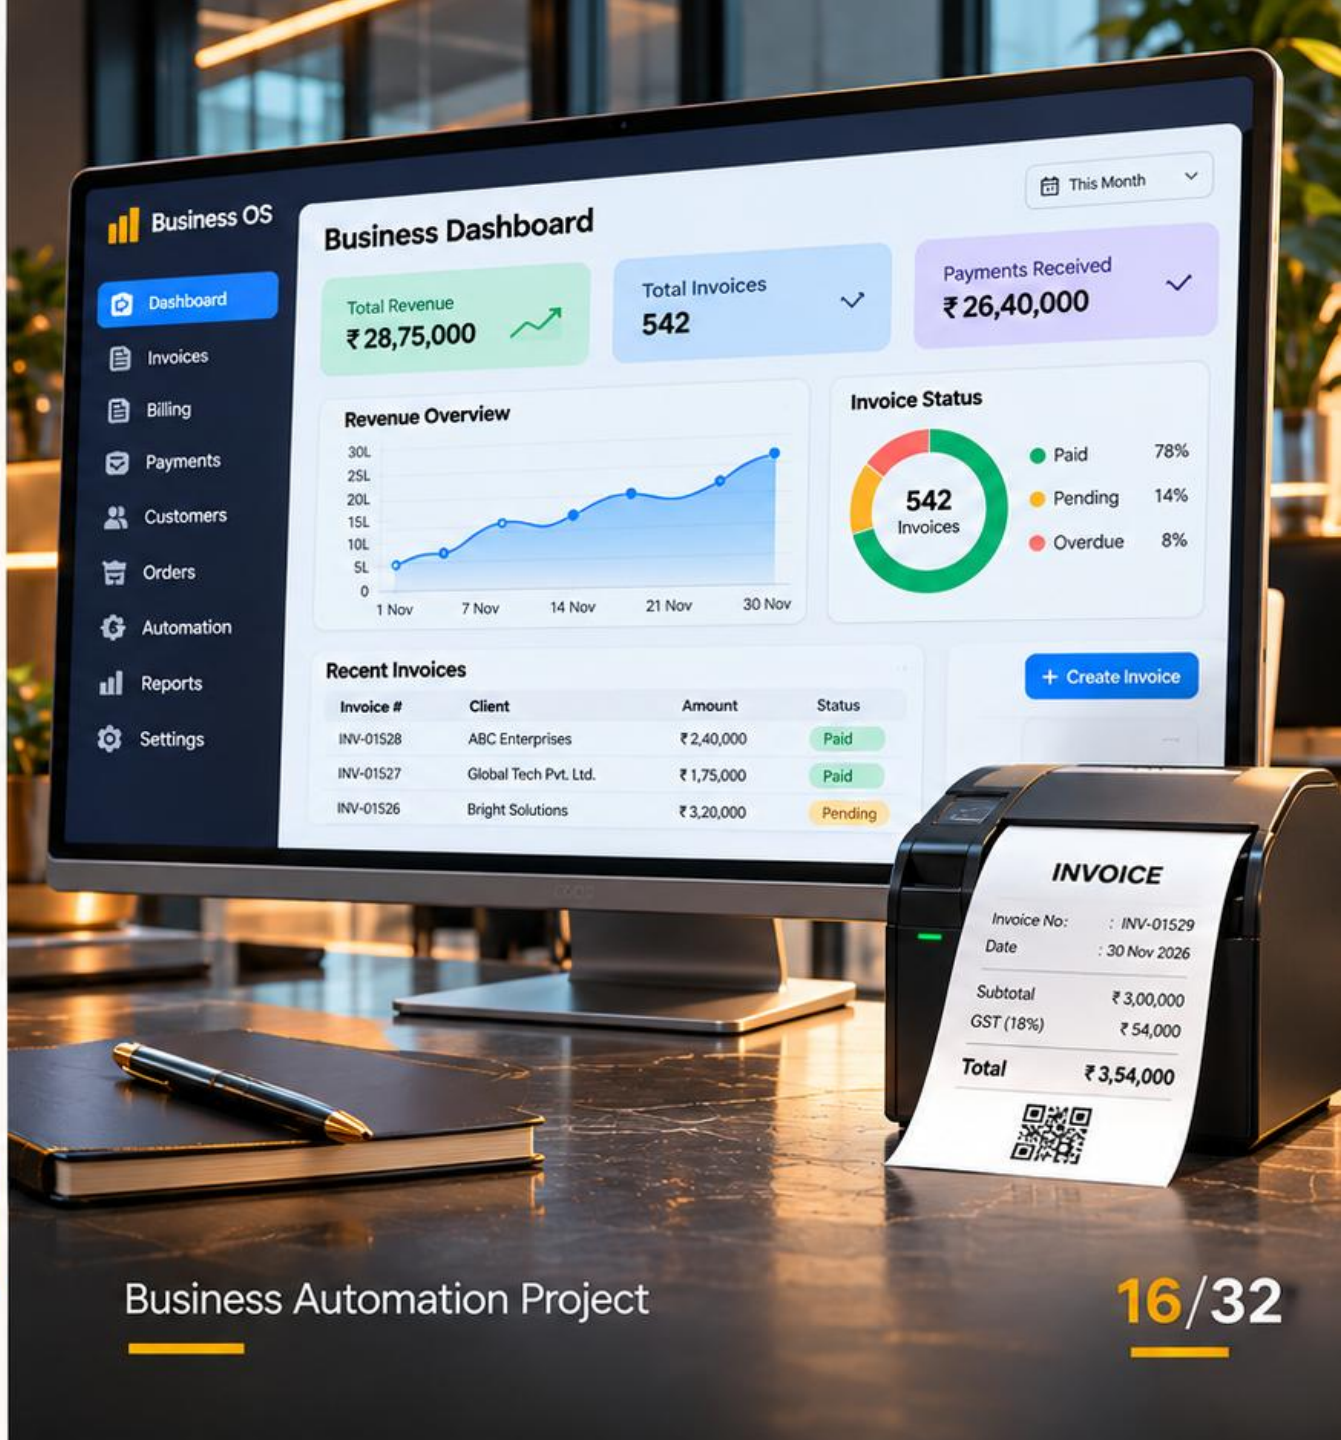
Multi-Tool Integration
Integrate with CRM, ERP and other business tools.

INVOICE

PROJECT EARNING FEES:

₹8,00,000 – ₹20,00,000

Illustrative example only, fees may vary by scope or client.



Business Automation Project

MODULE 10

AI Marketing & Viral Ad Creation

Use AI to plan, create, and scale high-performing marketing campaigns and viral ads across multiple platforms.

AI Marketing Strategy
Plan data-driven campaigns with AI insights.

Viral Ad Creation
Create high-engagement ads (images, videos & copy) using AI.

Content Planning & Automation
Generate, schedule and automate content across platforms.

Multi-Platform Marketing
Run and optimize campaigns on Instagram, YouTube, Meta, Linkedin & WhatsApp.

Audience Targeting & Growth
Use AI to find the right audience and increase reach and conversions.

Campaign Analytics & Optimization
Track performance and improve results with real-time AI insights.

PROJECT EARNING FEES:
₹3,00,000 – ₹6,00,000

Illustrative example only, fees may vary by scope or client.

AI Marketing Project

MODULE 11

Find High Potential Clients

Use AI to identify, qualify and reach high-value clients for faster business growth.

AI Lead Discovery
Find and target high-potential clients with AI.

Client Qualification
Filter and focus on the most valuable leads.

Personalized Outreach
Create tailored messages and campaigns using AI.

Market & Industry Insights
Identify high-demand industries and opportunities.

Client Engagement
Automate follow-ups and build stronger client relationships.

Sales Conversion
Turn qualified leads into long-term business clients.

PROJECT EARNING FEES:
₹4,00,000 – ₹6,00,000

Illustrative example only, fees may vary by scope or client.

MODULE 12

Client Proposal & Pricing

Learn to create winning, professional proposals and price your AI solutions for maximum value and client conversion.

Proposal Creation
Build clear, impactful and client-ready proposals.

Pricing Strategy
Set the right pricing for different client needs & scopes.

Value Positioning
Present ROI, benefits and business impact effectively.

Client Communication
Learn how to pitch, negotiate and close deals confidently.

Templates & Frameworks
Use ready-to-customize proposal and pricing templates.

Deal Conversion
Turn proposals into high-value, long-term projects.

PROJECT EARNING FEES:
₹1,00,000 – ₹2,00,000

Illustrative example only, fees may vary by scope or client.

MODULE 13

Pitch Negotiation & Close Deals

Build the skills to confidently pitch, negotiate and close high-value AI projects.

Powerful Pitching

Create clear, value-driven pitches that win clients.

Deal Negotiation

Learn proven negotiation strategies for better terms.

Closing Techniques

Use practical methods to convert discussions into confirmed deals.

Client Confidence

Present with clarity, credibility and impact.

Proposal Positioning

Highlight the right value, ROI and business outcomes.

Long-term Engagement

Turn one-time projects into recurring opportunities.

PROJECT EARNING OUTPUT:

₹5,00,000 – ₹20,00,000

Illustrative example only, outcomes may vary by scope or client.

MODULE 14

VIRAL TOPIC

Personal Branding, PR & Portfolio

Build a powerful personal brand, leverage PR strategies and create a high-impact portfolio to win bigger opportunities and premium clients.

Personal Branding
Build a trusted and authority-driven brand identity.

PR Strategy & Media Exposure
Learn how top leaders use PR to build visibility, credibility and demand.

Portfolio Development
Create a professional, client-winning portfolio.

Audience Growth
Attract, engage and build a loyal, relevant audience.

Authority Positioning
Establish industry crediblity and thought leadership.
